

Side-By-Side Comparison with a Venn Diagram

Creating a Venn Diagram can help you visualize and make sense of the similarities and differences between two or more things. For example, as you are reading a book, you could use a Venn Diagram to compare key characters, places, or events.

A basic Venn Diagram is made up of two, partially overlapping circles. Let's say you wanted to compare two characters. In the outer part of each circle, you would write one character's name and list the qualities, behaviors, and ideas that make him or her unique and different. In the space where the circles overlap, write down characteristics the characters share. If we were comparing Marlin and Dory, from the movie *Finding Nemo*, here is how our Venn Diagram might look. (If you've seen this movie, try adding some observations of your own!):

Now you are ready to draw your own Venn Diagram in your Reading Journal! To get started, try something like this:

If you want to compare more than two characters, places, or events, simply add additional circles to your Venn Diagram. Be creative! Just pay attention to the places where your circles overlap and look for similarities there. Here are some other possibilities:
